To whom it may concern:

With my background in Mathematics and Physics I see myself as a potential candidate that can strengthen your developer team. I am proficient in Python and I have a strong quantitative and analytical skillset in python. I have experience scripting and performing data analysis. I have knowledge of SQL, Numpy, pandas and scikit-learn. I am well versed in mathematical models and statistical based analysis.

I have excellent communication skills in both English and Danish, and I am able to work both independently and within a team environment. I view myself as a cheerful and optimistic person who is looking for new challenges.

I look forward to hearing from you about this position.

Sincerely,

Nathan Hugh Barr
