Nathan Hugh Barr

Profile I am well versed in data analysis and mathematical modelling. I can work with databases and visualise data. I have modelled physics phenomena and biological systems. I have knowledge in fitting routines and models which i can implement using Matlab and Python. I can with ease, begin and join projects due to my project heavy education at Roskilde University.

Education

2016 - 2019, Roskilde University

Master of Science in Physics and Mathematics

Master Thesis:

- Title: *Optimising the thickness determination of homopolymers and diblock copolymers using optical spectral reflectance during solvent vapour annealing.*
- Collecting, analysing and visualising data.
- Programming models and fitting routines.
- Grade: 10

2013 - 2016, Roskilde Universitet

Bachelor of Natural Science in Physics and Mathematics

Bachelor project:

- Title: *Mathematical competencies gained in Danish High School Education from 1958 to the present - using integrals as a case study.*
- Grade: 10

Relevant Courses

- Calculus
- Mathematical modelling
- Probability and Statistics
- Statistics mechanics

Experience and Volunteering

September 2016 and September 2017, *Teachers Assistant, Data processing and Statistics.*

- Teaching - basic programming, scripting and functions.
- Teaching - Introduction statistics in natural science.

January 2015 - December 2018, *Private tutor, My academy.*

October 2015 - December 2018, *Science Show Representative, Roskilde University.*

June 2017 - June 2019, *Co-creator at Roskilde Festival, Volunteering.*

Technical skills

Programming and systems

- GNU Octave
- MatLab
- Python

Computer Software

- Linux
- LaTeX
- Microsoft Office

Language

Danish

- Professional(Reading,Speaking) - Intermediate(Writing)

English

- Mother tongue

Interests

Professional

Mathematical Modeling, Computational Physics and programming, Machine Learning, Experimental Physics: Small angle x-ray scattering, Grazing incidence small angle scattering, Dynamic light scattering, Reflectometry

Personal

I am a 29 year old Australian who is both an Australian and Danish citizen and I have lived in Danmark for 10 years. My hobbies are running, bikepacking and playing bass guitar. A big part of my summer is volunteering at Roskilde festival building the Pavilion stage and the Pavilion area. When winter rolls around i enjoy skiing.
